

PRODUCT ANNOUNCEMENT

New Universal Applicator for Touch 'n Seal® Foam Kits

Convenience Products is pleased to announce that effective March 17, all Touch 'n Seal low pressure disposable Foam Kits* sold in the US will include the same applicator.

New Applicator Features:

- Increases efficiency by providing improved chemical evacuation
- Delivers greater output at lower material temperatures
- Reduces waste
- One applicator works for all formulations: 1.0 pcf, 1.75 pcf (Standard, ICC, Slow Rise), 2.0 pcf

NEW Universal Applicator

- Easily identified by its distinctive **YELLOW** trigger lock.
