What is the *recycle content* for TUFF-R polyisocyanurate insulation?

Answer ID 8619 | Updated 01/01/2010 02:29 AM
 What is the *recycle content* for TUFF-R polyisocyanurate insulation?

TUFF-R Sheathing product *recycle content* depends on product and thickness. See table below.

Please note that the *recycle content* listed in table below is based on the compositional information provided to Dow from its suppliers. Dow relies on the suppliers to provide accurate data. The Dow Chemical Company is not responsible for any misrepresentation resulting from inaccurate information from its suppliers.

The TUFF-R product *recycle content* is shown as follows:

Products	Thickness	Total Pre-consumer <i>Recycle Content</i> Weight % (up to)
THERMAX sheathing	0.5"	20.7
	1"	13.4
	1.5"	12.0
	2"	12.1
	3"	10.7
	4"	10.0
THERMAX light duty	0.5"	23.9
	1"	16.0
	1.5"	13.7
	2"	13.7
	3"	11.7
THERMAX heavy duty	0.5"	29.6

	1"	21.2
	1.5"	17.8
	2"	17.0
	3"	14.2
TUFF-R	0.5"	19.4
	1"	17.5
TUFF-R C	1.5"	15.3
	2"	13.4
Super TUFF-R	0.5"	20.1
	1"	17.2
Super TUFF-R C	1.5"	15.2
	2"	13.3
STURDY-R	0.5"	3.6
	1"	4.4
Quick-R	0.5"	3.5
	1"	4.4
Isocast-R	1	14.6
	2"	12.4
