

**JM SPIDER PLUS Heated Fluid Delivery System**

*Intec's HP Fluid Delivery System is contained in a heated, insulated aluminum cabinet with lift handles-- easy to load into your truck or trailer.*

➤ Simple to operate controls on outside of cabinet allow system to be turned on/off once initial pressure settings have been made to keep heat in.

➤ Pressure hose slides thru side of unit minimizing heat escape while providing visual for heat light being on.

➤ Unit well insulated with thermostat to control desired temperature.

➤ Standard hose fittings for liquid inlet and priming / purging of system.
