RE: Confirmation of ABAA Material Approval – Corbond III

Dear Michael

This letter is to confirm that Corbond III has gone through the ABAA Material Evaluation process and has been deemed an ABAA evaluated and listed material and air barrier assembly.

The listing for your product can be found on the ABAA website under the Air Barrier Materials section at www.airbarrier.org/materials/index_e.php, Air Barrier Assemblies at http://www.airbarrier.org/materials/assemblies_e.php and on the medium-density closed cell sprayed polyurethane specification.

Please contact me should you need additional information

Sincerely,

Colin Szewaga
